Diary Management Service

Phone Answering and Message Taking

Overflow Call Answering

Challenges	The Kendlebell Solution
Interruptions	You stay "hands-on" with patients; we handle the phone.
Missed Revenue	All calls answered by a real person. No more "I'll call them back later."
High Overheads	No PRSI, holiday pay, or sick leave costs for a receptionist.
Empty Slots	We proactively fill cancellations from your waiting list.

Diary Management Service

Our PA's can answer your calls and make appointments (managing your diary), saving you up to 70% of the cost of employing a receptionist. Paying a full-time receptionist to do appointment scheduling, diary management or calendar management is expensive so why not outsource your diary management to Kendlebell

We can manage your online diary securely using a Username and Password. Appointment scheduling only happens when we receive the call, so you only pay for each call, not a full-time receptionist when you avail of our Diary Management service.

We work with leading Irish Clinic software like Cliniko, Jane, TM3, PPS, iMedDoc, and WriteUp.

- Diary compatibility - encrypted safe access
- Appointments - appear in your diary in real-time
- Emergency / Urgent Calls - follow your agreed protocols
